Morningstar Category	Multisector Bond

Fund highlights

Experienced & Skilled Team

Stable, experienced team focused on managing across the securitized spectrum

Target Attractive Yield with Less Duration

Securitized assets typically have comparable yield yet lower duration than traditional fixed income sectors

Differentiated Approach

Our expertise and ability to make full use of the entire Securitized landscape set us apart

Investment objective

The Fund seeks to maximize total return through a combination of current income and capital appreciation.

An investor should consider the investment objectives, risks, charges and expenses of the Fund(s) carefully before investing. For a free copy of the Fund's prospectus or summary prospectus, which contains this and other information, visit us at www.voyainvestments.com or call (800) 992-0180. Please read all materials carefully before investing.

¹ Out of 321 peers.

² The Adviser has contractually agreed to limit expenses of the Fund. This expense limitation agreement excludes interest, taxes, investment-related costs, leverage expenses, and extraordinary expenses and may be subject to possible recoupment. Please see the Fund's prospectus for more information. The expense limits will continue through at least 08/01/2024. Expenses are being waived to the contractual cap.

³ Historical performance shown for Class A,I and R6 shares reflects the historical performance of Class P shares adjusted to reflect the higher expenses of A,I and R6 for those periods prior to the inception date of Class A,I and R6 (represented by italicized text). Historical performance of Class A,I and R6 shares likely would have been different based on difference in share class expense ratios.

⁴ Current Maximum Sales Charge: 2.50%.

⁵ Bloomberg U.S. Securitized MBS/ABS/CMBS Index

⁶ Returns-Based Characteristics are shown for Class I shares only based on 5-yr returns. For definitions, see Glossary of Terms.

Total investment return at net asset value has been calculated assuming a purchase at net asset value at the beginning of the period and a sale at net asset value at the end of the period; and assumes reinvestment of dividends, capital gain distribution and return of capital distributions / allocations, if any, in accordance with the provisions of the dividend reinvestment plan. Net asset value equals total Fund assets net of Fund expenses such as operating costs and management fees. Total investment return at net asset value is not annualized for periods less than one year. Performance does not account for taxes. Returns for other share classes vary due to different charges and expenses.

Disclosures

⁵ The **Bloomberg U.S. Securitized Index** includes the MBS, ABS, and CMBS sectors of the Bloomberg Aggregate universe. Securities prices used to value the benchmark index for the purposes of calculating total return may or may not differ significantly from those used to value securities held within composite portfolios. Index returns do not reflect fees, brokerage commissions, taxes or other expenses of investing. **Investors cannot invest directly in an index.** Source: Bloomberg Index Services Limited. BLOOMBERG® is a trademark and service mark of Bloomberg Finance L.P. and its affiliates (collectively "Bloomberg"). Bloomberg or Bloomberg's licensors own all proprietary rights in the Bloomberg Indices. Bloomberg does not approve or endorse this material, nor guarantee the accuracy or completeness of any information herein, nor make any warranty, express or implied, as to the results to be obtained therefrom and, to the maximum extent allowed by law, shall not have any liability or responsibility for injury or damages arising in connection therewith.

⁷ Maturity allocations are based on securities' Average Life, which incorporates pre-payment assumptions and can thus be much different than a bond's maturity date, particularly in the case of mortgage-backed securities.

⁸ AAA is the highest grade (best) to D which is the lowest (worst) is calculated based on S&P, Moody's, and Fitch agency ratings. If the ratings from all 3 rating agencies are available, securities will be assigned the Median rating. If the ratings are available from only two of the agencies, the more conservative of the ratings will be assigned to the security. If the rating is available from only one agency, then that rating will be used. Any security that is not rated is placed in the NR (Not Rated) category. Ratings do not apply to the Fund itself or to the Fund shares. Ratings are subject to change.

Totals may not equal due to rounding.

The fund discussed may be available to you as part of your employer sponsored retirement plan. There may be additional plan level fees resulting in personal performance that varies from stated performance. Please call your benefits office for more information.

Investment Risks: All investing involves risks of fluctuating prices and the uncertainties of rates of return and yield inherent in investing. You could lose money on your investment and any of the following risks, among others, could affect investment performance. The following principal risks are presented in alphabetical order which does not imply order of importance or likelihood: Credit; Credit Default Swaps; Currency; Derivative Instruments; Environmental, Social, and Governance (Fixed Income); Foreign (Non-U.S.) Investments/ Developing and Emerging Markets; High-Yield Securities; Interest in Loans; Interest Rate; Liquidity; Market Disruption and Geopolitical; Mortgage- and/or Asset-Backed Securities; Other Investment Companies; Prepayment and Extension; Securities Lending; Sovereign Debt; U.S. Government Securities and Obligations; When-Issued, Delayed Delivery and Forward Commitment Transactions. **Investors should consult the Fund's Prospectus and Statement of Additional Information for a more detailed discussion of the Fund's risks.**

Glossary of Terms: **Alpha** measures the difference between a fund's actual return and its level of risk as measured by beta. **Beta** measures the Fund's volatility relative to the overall market. **Duration** is the weighted measure of the length of time the bond will pay out. **R-Squared** is the way in which a percentage of a portfolio's total returns represents the portfolio's beta measure. **SEC 30-Day Subsidized Yield (%)** a standardized yield calculation created by the SEC, it reflects the income earned during a 30-day period, after the deduction of the fund's net expenses (net of any expense waivers or reimbursements). **SEC 30-Day Unsubsidized Yield**

(%) a standardized yield calculation created by the SEC, it reflects the income earned during a 30-day period, after the deduction of the fund's gross expenses. Negative 30-Day SEC Yield results when accrued expenses of the past 30 days exceed the income collected during the past 30 days. **Sharpe Ratio** is a risk-adjusted measure calculated using standard deviation and excess return to determine reward per unit of risk. **Standard Deviation** is a measure of the degree to which an individual probability value varies from the distribution mean. **Weighted Average Life Years** is the length of time until the average security in a fund will mature or be redeemed by its issuer. It indicates a fund's sensitivity to interest rate changes: longer average weighted maturity implies greater volatility in response to interest rate changes. **The F1360 Fiduciary Score®** is a peer percentile ranking of an investment against a set of quantitative due diligence criteria indicative of prudent fiduciary management. Each investment is evaluated against nine individual factors and thresholds, with points allotted if it fails a particular criterion. Investments with 0 points are automatically given an F1360 Fiduciary Score® of 0. Every other investment is given a Score of 1-100 representing their percentile ranking. The lower the Score, the better. The F1360 Fiduciary Score® should not be used as the sole source of information in an investment decision. Visit F1360.com/F1360-Fiduciary-Score for the complete methodology.
